

Creation Picture Wheel

Created by Sarah at SundaySchoolResources.co.uk!

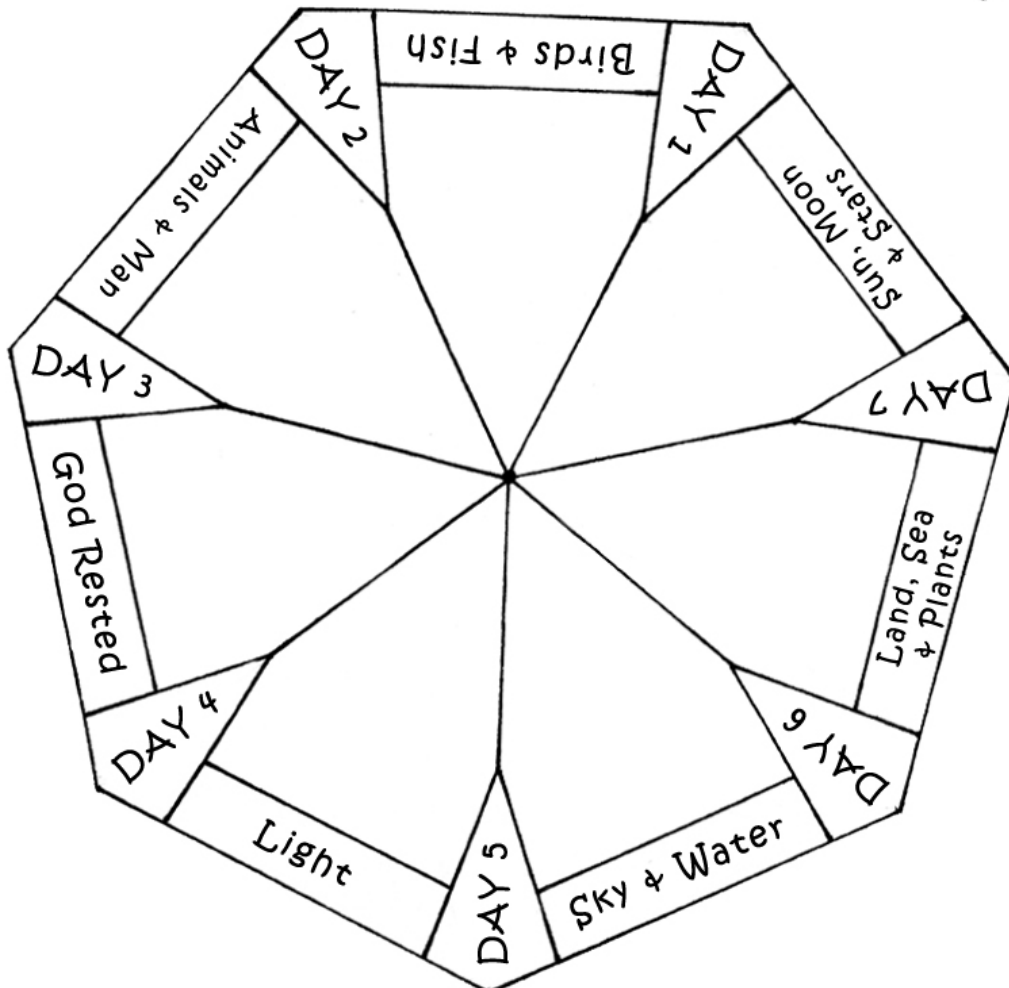

You will need:

- Thin card
- Pritt-Stick (gluestick)
- Drawing and coloring pens and pencils
- Scissors
- Split pin
- Blu-tack (poster putty)

Instructions:

1. Glue this worksheet onto card (or print directly onto card)
2. Cut out the two shapes (*take care with scissors!*)

3. In the shape (on left) draw pictures to represent the days of creation
4. Color in your pictures
5. Make a hole in the centre of each shape using a pencil or scissors, placing blu-tack underneath for safety (*take care!*)
6. Insert the split pin through both shapes, so the pictures are visible through the gaps.
7. View what God made on each day of creation by turning the wheel!
